ABOUT ME

Full Stack Developer with 2+ years of hands-on experience in web development, specializing in the MERN stack, React.js, Next.js, JavaScript, and TypeScript. Experienced in building responsive, scalable, and user-friendly web applications, developing reusable frontend components, integrating APIs, and working with backend technologies and databases. Strong understanding of modern web development practices with a focus on writing clean, maintainable code and delivering reliable user experiences.

EDUCATION

Bachelor of Information Technology

University Of Punjab , Lahore Pakistan

2022 - 2026 | CGPA: 3.89/4.00

WORK EXPERIENCE

Celestials Technology | 2024 - Present

Frontend Developer

I am a Frontend Developer with 2+ years of hands-on experience in developing responsive and user-friendly web applications. I have strong experience working with React.js, Next.js, JavaScript, TypeScript, Tailwind CSS, Bootstrap, and SASS. I have worked on multiple web projects, focusing on building modern user interfaces, reusable components, responsive layouts, and smooth user experiences.

Mern Stack Developer

I also have hands-on experience working with the MERN Stack and have developed multiple full-stack web projects using MongoDB, Express.js, React.js, and Node.js. I have worked on different projects with frontend and backend functionality, API integration, database operations, authentication, and other full-stack features.

I have also built and maintained personal projects on GitHub, allowing me to strengthen my practical understanding of full-stack development and modern web technologies.

SKILLS

- JavaScript / TypeScript
- React.js / Next.js
- Node.js / Express.js
- MongoDB
- HTML5 / CSS3 / Tailwind CSS
- Git / GitHub
